## IN100 (C2-) Aperio™ Wireless Lock Discontinuance Notice

Effective immediately, the version of the IN100 Aperio™ wireless lock ordered using the C2- prefix is discontinued.

The discontinuance schedule will be as follows:

### End of Sales

- Starting July 18, 2016, orders for the C2 will automatically be converted to the next generation IN100 lock (now ordered using IN100 in the order string).
- Customers currently buying the C2 should be transitioned to the next generation IN100, which offers significant improvements over the previous product.

### End of Support

Standard warranty periods will be honored for existing C2 sites as follows:

- C2- Prox sites requiring warranty replacement will be given C2- Prox replacement hardware.
- C2- iCLASS sites requiring warranty replacement will be given the option to use the new IN100 (with cover plates) or an equivalent PR100 model.

The [new IN100](#) can be used with existing Aperio hubs as long as the hub is updated to the latest available hub firmware. For additional information, please contact your local ASSA ABLOY Door Security Solutions sales consultant or Integrated Solutions Specialist.

Sold through ASSA ABLOY Authorized Channel Partners

The Authorized Channel Partner (ACP) program is open to resellers, who sell ASSA ABLOY's technology products to certified integrators, and help with product selection based on the application.
