

TRENDnet®

TI-BG108

10-Port Industrial Gigabit 400W PoE++ DIN-Rail Switch

TRENDnet's 10-Port Industrial Gigabit 400W PoE++ DIN-Rail Switch delivers network connectivity to rugged environments, while saving you on installation costs and setup time using Power over Ethernet technology. Contact us to learn more!

PoE++

A 400W PoE power budget supports up to eight Power over Ethernet devices with PoE (15.4W), PoE+ (30W), or PoE++ (95W) power.

Redundant Power

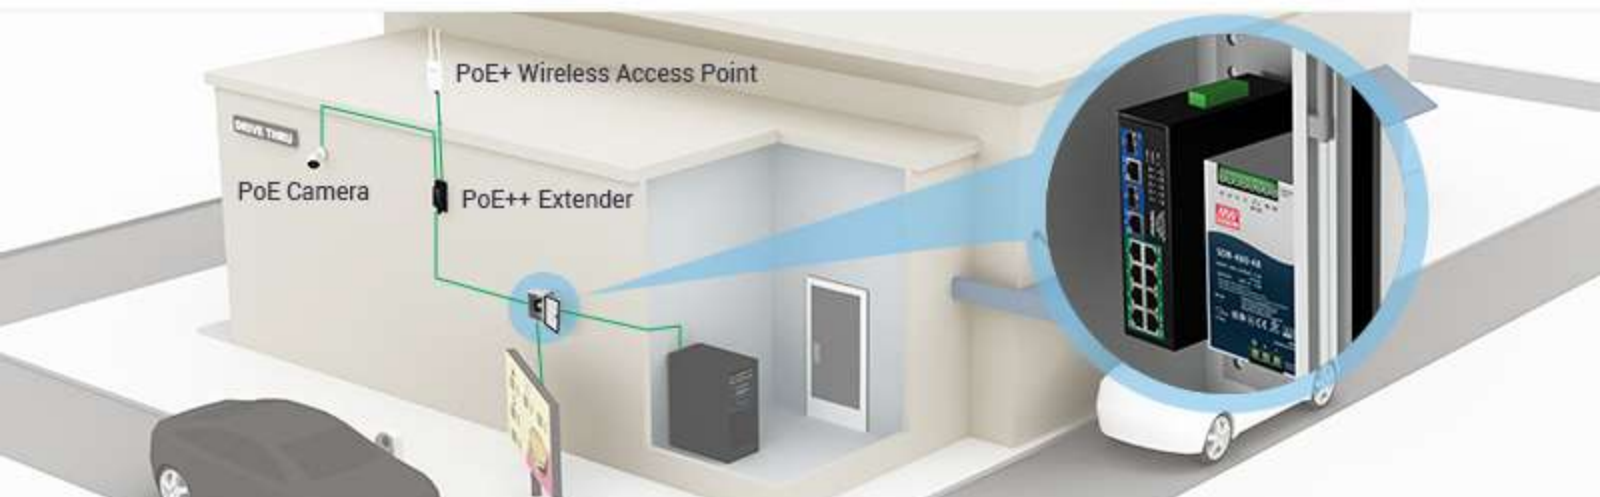

Dual power inputs provide redundant power with overload current protection, minimizing network downtime (power supplies sold separately).

Industrial Hardened Design

Rugged IP50 enclosure with a high degree of vibration and shock resistance, ESD/EMI/surge protection, and a wide operating temperature range -40° – 75° C (-40° – 167° F).

- 8 x Gigabit PoE++ ports
- 2 x Gigabit shared ports (RJ45 / SFP)
- Alarm output triggered by power failure
- Includes DIN-Rail and wall mounts
- Power supply sold separately (TI-S48048, TI-S24052)
