#### DO-001

#### 902/845 REMOTE HANDSET STATION

#### DO-001 ELECTRIC DOOR OPENER MORTISE TYPE - REVERSIBLE

The Alpha Communications® DO-001 electric door opener is a low cost mortise type door opener that is designed to be used primarily in wooden door frames. Under certain circumstances, the DO-001 can be used in hollow aluminum and hollow metal door frames.

The DO-001 can be used in right-handed or left-handed installations, simply by turning the door opener upside down, during installation.

When used with an 14-24VAC input, the DO-001 makes a buzzing sound, when activated. When used with a 14-24VDC input, the DO-001 activates silently.

#### FEATURES

- Operates on 14-24VAC or 14-24VDC standard
- Buzzes on AC operation and is silent for DC operation
- Reversible for right-handed or left-handed installations
- Can be used with wooden or hollow metal door frames
- Requires only 1-5/16" deep door frame opening
- Non fail-safe operation standard
- 3 year limited factory warranty
- Very competitively priced

#### OPTIONS AVAILABLE

##### Model DO-001L:

Same as DO-001 but with oversized faceplate to cover damage on existing door frames. DO-001L faceplate measures 1.75"W (45 mm) and 9.875"H (251 mm).

**NOTE:** Many options are available for the DO-001 door opener, including different voltages (AC and DC), different finishes, availability of continuous duty activation, fail-safe operation, etc.

Alpha Communications® carries a complete selection of electric door openers for virtually any application. Please contact our sales dept. for more detailed information.
