

1. SUMMARY

The Primex Cable Management Clips (CMC) are compact, efficient and easy to use clips that help secure and route fiber, coax, network and power cables within Primex Wave OSP enclosures and SOHO Pro™ Media Panels.

Available with or without the additional mounting tab, these clips offer space-saving cable management and affix quickly via screw in the Primex standard mounting hole pattern.

2. DIMENSIONS

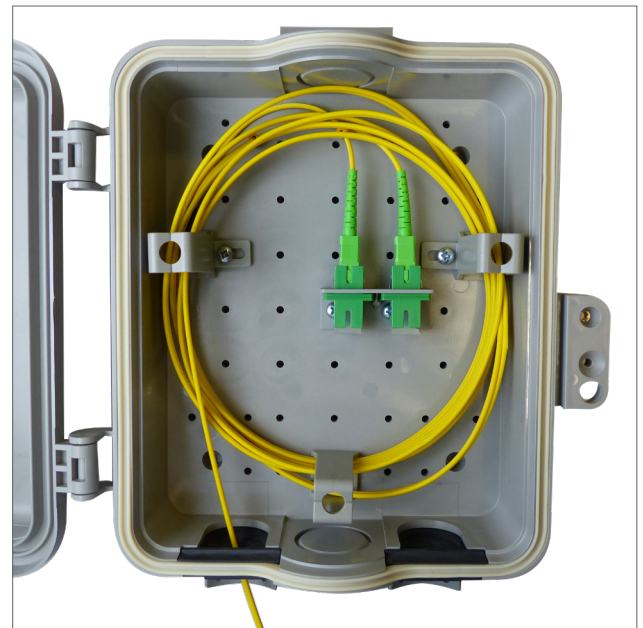

Compatible with Wave and SOHO Pro™ enclosures

3. FEATURES & BENEFITS

- Two configurations for different cabling requirements.
- Break off tab option provide a smaller footprint within the box.
- Affixes via single screw or two when using tabbed version for additional strength.
- Available in PVC for outdoor or ABS for indoor applications.

4. CONFIGURATIONS

Part #	Part Name	Description
125-1832	CMC-Tall	Cable Management Clip (12/bag)
125-1833	CMCT-Tall	Cable Management Clip w/tab (12/bag)

Cable mounting clips securely route fiber within Wave OSP enclosures.
