EcoStruxure™ IT eLearning

EcoStruxure IT eLearning

Are you faced with one or more of these challenges when deploying data center infrastructure management (DCIM) solutions?

- Learning how to do the job - no dedicated training path, requires data center management teams to learn on their own
- Scheduling & travel - finding time and budget for resources to gain training can be difficult
- Applying the knowledge - difficult to learn new software and implement it in the day-to-day work

EcoStruxure IT eLearning is self-paced learning and hands-on exercises for DCIM software deployments that helps everyone learn how to do their jobs faster, safer, and more affordably.

Benefits

- On-demand training
- Hands-on learning
- Keeps risks down training in demo environment before going "live"
- Increase productivity
- Better prepared for day 1 software use
- Well-rounded training experience
- Experiential training
