Designed to Keep Your Display Safe and Secure This security wall mount was conceived with your television or monitor's safety in mind, especially if the display is located in a public area with unguarded traffic, such as a library, classroom or hotel lobby. It comes with a solid steel security bar that slides through the mounting brackets and is secured into place with an included three-position combination lock.

Complies with VESA StandardsVESA (Video Electronics Standards Association) promotes uniformity in the video electronics industry by developing industry-wide standards for products like flat-panel TVs and monitors. To comply with these standards, most manufacturers use a series of universal mounting hole patterns, measured in millimeters, on the backs of the products. Measure the vertical and horizontal distances between the holes on the back of your display or refer to your display's owner's manual to find its VESA pattern. This fixed TV wall mount conforms to VESA-compliant displays with any of the following standard mounting hole patterns: 200 x 200, 200 x 300, 200 x 400, 300 x 200, 300 x 300, 300 x 400, 400 x 200, 400 x 300 and 400 x 400.
