

DL237 DoorLinQ™ Smart Phone Adapter Unit

DL237 DOORLINQ™ SMART PHONE ADAPTER UNIT

The DL237 DoorLinQ™ Smart Phone Adapter Unit is used with the VK237 series video-intercom kits/systems to add the ability to answer the door station(s) from a smart phone or smart tablet.

The DL237 DoorLinQ™ powers from the included SS237 plug-in low-voltage power supply, and can be connected to the internet by WiFi or by the included RJ45 LAN connector.

The DL237 DoorLinQ™ allows the VK237 system to be connected to one or more Android or Apple iOS smart phones or smart tablets by use of the free ControlCam app. When using the DL237 DoorLinQ™ it takes the place of one of the VM237 inside monitors, allowing for a maximum of two (2) monitors total.

FEATURES

- Dimensions: 3.95" H x 6.30" W x .90" D (101mm x 161mm x 23mm)
- Connects via WiFi or supplied RJ45 jack/connector
- Power: 18VDC from the supplied SS237 plug-in Power Supply
- Takes the place of one (1) indoor VM237 monitor unit
- Can relay calls from up to two door stations (only primary door camera can be viewed without receiving a call first)
