<b>Housing:</b>	Standard 2-gang electrical box

#### IR019 AND IR019B AND IR019C REMOTE TONE SPEAKERS

The **IR019**, **IR019B** and **IR019C** remote tone speakers provide for remote tone annunciator when connected directly in parallel with an Alpha Communications® / TekTone CM800 or **DS100** series annunciator and **PK2019A** control unit. The **IR019** and **IR019B** tone speakers feature a momentary contact tone-off button for tone silencing. Depressing the tone-off button silences the tone at all sounding locations. When the emergency initiating device has been reset, the tone-off will automatically reset. The **IR019B** also includes a tone-off light which will remain illuminated while tone-silencing is enabled. The **IR019C** is used primarily as a remote stand-alone speaker and also with the NC300II nurse-call system in conjunction with the **IR316** psychiatric call station. The **IR019C** is U.L. 1069 listed.

All three models fit into a standard 2 gang electrical back box or 2 gang mounting ring.

#### FEATURES

- UL 1069 listed, 4th Edition Standard (IR019C only)
- Easy installation
- Advanced design
- Pushbutton tone-off reset (IR019 and IR019B only)
- Reliable and rugged stainless steel faceplate
