SARGENT IN100 with Aperio™ Wireless Lock Technology Now Available with Prox Reader

SARGENT is pleased to announce that the IN100 is now available to support HID® 125 kHz proximity credentials.

As part of the Aperio family of wireless locks, the IN100 offers easy expansion of existing access control systems to bring a new level of control to your facility. It offers a cost effective solution for extending access control to medium security doors, allowing facilities to enhance overall security.

Lead time is four weeks.

About Aperio

Available in a variety of locking solutions from ASSA ABLOY Group brands, Aperio is a global wireless platform that allows you to increase security - quickly, easily, and affordably.

The Authorized Channel Partner (ACP) program is open to resellers, who sell ASSA ABLOY's technology products to certified integrators, and help with product selection based on the application.

Please distribute this bulletin to everyone in your distributorship who specifies and/or purchases SARGENT Electronic Access Control products. Insert this bulletin and sell sheet in the Aperio section of your SARGENT full line catalog.

For additional information, contact your ASSA ABLOY Door Security Solutions sales consultant, call SARGENT at 800-727-5477 or visit www.sargentlock.com.
