exacqVision A-Series
Rackmount Network Video Server

Adaptable configuration
Configure from 64 to 240TB, multiple Operations Systems and camera licenses

Reliability
Configurable up to RAID 6 for storage and RAID1 for OS redundancy

Impressive performance
High performance throughput up to 750 Mbps

Front-Accessible Drives for simplicity
Performing system maintenance has never been easier with front up to 12 hot swappable drives

Licenses
8 camera licenses of either Professional or Enterprise preloaded with 5 year SSA included

Enhanced security and intelligence through integrations
Add the power of tested and certified video analytics, access control, POS applications and hundreds of 3rd party cameras

5000-50100	exacqVision desktop surveillance keypad for Windows and Linux client applications. Includes 10 character numeric entry, 16 user definable buttons, pan/tilt/zoom joystick, left/right arrow wheel. Comes with one year of warranty.

About Johnson Controls

Johnson Controls is a global diversified technology and multi-industrial leader serving a wide range of customers in more than 150 countries. Our 120,000 employees create intelligent buildings, efficient energy solutions, integrated infrastructure and next generation transportation systems that work seamlessly together to deliver on the promise of smart cities and communities. Our commitment to sustainability dates back to our roots in 1885, with the invention of the first electric room thermostat.
