### / OVERVIEW

The AMGMNT-MAG series of magnetic mounting hardware kits provide secure magnetic mounting solutions for the AMG range of media converter, switch and accessory devices.

The magnets provide high magnetic pull strength to ensure a secure installation and combined with the included foam pads provide additional anti-slip vibration resistance ensuring the products stay securely positioned in the desired location.

Supplied with the necessary mounting hardware for various AMG products to ensure a quick and simple installation.

Various magnetic mounting kits are available with 2, 4 or 6 magnets included to suit a wide range of AMG products. Please refer to the compatibility guide to select the correct kit for the specific AMG product.

AMG products must be purchased separately.
