

PushGo™

Want to meet?

Fully Pre-Programmed, Plug-and-Play Meeting Room Solutions

PushGo™ redefines meeting room technology with fully pre-programmed, end-to-end solutions designed for effortless deployment.

With no programming required, PushGo delivers seamless connectivity, intuitive control, and built-in compatibility—ensuring every meeting starts without delay.*

Pre-Programmed

Ready to use out of the box, eliminating installation complexity.

Complete Solution

Includes all essential components for a fully functional meeting space.

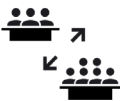

Plug-and-Play

Deploy in minutes with no technical expertise required.

Built-in Compatibility

Works seamlessly with Zoom, Teams, Webex, and more.

Scalable

Adapts to any room type, from small huddle rooms to large presentation environments.

* PureLink must confirm PushGo system specs with the customer prior to first shipment; any customization might result in additional charges, including but not limited to products, services, and shipping.

Five Tailored Solutions for Every Space

Available in five specifically-designed packages, each PushGo™ system employs a range of technologies addressing the needs of different meeting environments:
