MODEL NUMBER: **P007-002**

Computer power cord connects a server, computer, monitor, printer or other device with a C14 inlet to an AC outlet on a PDU.

Features

5-15P to C13 Power Cable for Network Devices That Require a Heavy-Gauge Connection This computer power supply cable features 14 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. You can use it to connect a computer, server, monitor, laser printer or drive to a PDU, UPS, surge protector or AC wall outlet. It can also replace or upgrade the standard power cord provided by the device's manufacturer. The 2-ft. (0.61 m) length helps reduce cable clutter and minimize the risk of tripping.
