

# ELECTRIC Targa

FREE-HANGING, CEILING- OR WALL-MOUNTED

Prindle Institute, DePauw University, Greencastle, IN

Targa electric projection screen is a popular choice for auditoriums, conference and lecture halls, hospitals, hotels, boardrooms, and churches. Housed in a pentagonal steel case with matching endcaps that form universal mounting brackets makes installation of the Targa easy, whether wall- or ceiling-mounted. The motor is mounted inside the roller providing a clean, low-profile appearance.

THIS SCREEN IS FREE-HANGING  
Free-hanging, fiberglass-backed projection screen maintains flatness thanks to the weight of the screen and bottom dowel.

## FEATURES

- Housed in pentagonal steel case with a scratch-resistant white polyester finish (standard), black available upon request. Includes matching endcaps with universal mounting brackets.
- Larger sizes require a different case design and can be found in Targa XL.
- NTSC, HDTV, and 16:10 formats have image area framed with black on all four sides. Black side borders are available upon request for AV.
- Black drop standard, depending on screen size.
- Available with ceiling trim kit for ceiling-recessed installation. An additional 12" (30 cm) top drop is recommended for ceiling-recessed installation.
- Includes one 110-120V, 3-position switch (standard). Other control options are available.
- WARRANTY: One year against defects in materials and workmanship.

## OPTIONS

- **Viewing Surfaces:** OptiView™ and ClearSound™ families.
- Chroma Key Green.
- Extra drop above image area available upon request.
- Optional floating wall brackets grip the screen securely anywhere along the back of the case, and are barely visible.
- Optional Plug & Play with built-in low-voltage controller (LP) or with built-in quiet, low-voltage controller (QLP).
