## PB / PBF Series

- ◆ Recessed magnetic contact
  - ◆ PB is 9/16" press fit
- ◆ PBF is 3/4" x 1 1/2" with screw down flange
- ◆ Adjustable screw plunger, travel distance total .270, pre-travel is .090 ± .040
- ◆ 12" #22AWG leads or screw terminals
- ◆ Longer leads, zip cords or jacketed cable upon request
  - ◆ Hermetically sealed
  - ◆ Plated contacts resist sticking or freezing
  - ◆ Spacers and mounting hardware included
- ◆ Built-in E.O.L. Resistors and Diodes upon request
  - ◆ Colors: white and brown
  - ◆ Lifetime Warranty

Part Numbers			
	<u>Closed Loop</u>	<u>Open Loop</u>	<u>SPDT</u>
Without Flange	PB-100	PB-101	PB-102
	PB-100T	PB101T	
With Flange	PBF-100	PBF-101	PBF-102
	PBF-100T	PBF-101T	

## INSTALLATION APPLICATIONS

The push button or plunger actuated PB series was developed as a direct replacement of an existing and problematic mechanical type contact. The PBF flange push button can be installed without re-drilling or redesigning the original installation. The sealed contacts of the reed switch insure a long service life. Plunger actuated reed switches have become so popular on new installations that many variations are now being produced. The PB-100 is a press fit design and eliminates the screw mounted flange. A terminal connection is offered on most models and this option can be added by including a T at the end of the part number - for example PB-100-T.

**Important Note:** GRI's push button contacts are not recommended for the bottom track of windows or doors.

**WARRANTY:** Lifetime warranty against workmanship, material and factory defects.
