## Key features

- Dimensions (H x W x D): 9.4 x 6.1 x 4.1 (in), 240 x 155 x 105 (mm)
- Case features a zipped pocket with ample space for multiple accessories, a mesh section designed to fit smaller multimeters and tools, and convenient carrying handles with zippers for easy use.
- Durable 240 x 155 mm EVA foam case to protect your tools and accessories
- see compatible products below

## Product overview: Fluke C11XT Protective EVA Hard Tool Case

The Fluke C11XT Protective Hard Case is designed to carry most smaller multimeters, process meters, temperature meters and similarly-sized products. The case is made of high quality 600D EVA foam and is meant to fit both tools and accessories. The durable exterior is meant to protect your tools more than a soft case would. When opened up, the case features a zipped pocket on the left for accessories and a mesh pocket on the right for multimeters and other tools.

## What Products Will Fit?

- [Fluke 175 True RMS Digital Multimeter](#)
- [Fluke 177 True RMS Digital Multimeter](#)
