FEDERAL SIGNAL

► Model 225

Electraray® Rotating LED Light

A B C G R

Electraray® Model 225 is a compact, rotating warning light designed for industrial uses.

Model 225 has a closed cell neoprene gasket that makes it water resistant. The injection molded reflector rotates around an LED lamp and produces 90 flashes per minute. It is available ready to mount on a 1/2-inch NPT pipe. Optional mounting brackets are available, simplifying installation on walls and in corners.

Federal Signal's Electraray rotating light is ideal for calling attention to emergency situations or process status changes.
