Wiring Device Spacer & Shim

CAT·A·PILLARS

CA25

Spacer

INSTRUCTIONS:

1. Turn off power before installing.
2. Determine depth of box.
3. Tear off sections needed (each section is 1/8").
4. Snap onto screw & tighten.

To use as a shim, remove one segment and use with a plate screw when installing GFI or decorator devices on tile or marble.

CAT·A·PILLARS are not intended to be used in lieu of standard means of support or when in conflict with governing electrical codes.

Do not use if finish is combustible (e.g. wood paneling) without proper fire barrier.
