DIMENSIONAL DRAWINGS

PEDH0713 PEDESTAL HOUSING UNIT

The Alpha Communications® **PEDH0713** Pedestal Housing Units are designed to be used with the **PEDS042B** and/or **PEDD4272B** (single or dual) gate pedestals, to mount a variety of intercom, video-intercom, telephone and access control equipment for a gated entrance.

FEATURES

- Designed for Mounting readers, Intercom Stations, Board Cameras and more!
- Lexan Polycarbonate 101 doesn't impede performance of RFID/Proximity Devices
- Housing and Lid are injection molded Lexan Polycarbonate 103 - UV Stabilized
- Unlike housings made of metal, these do not Rust, Dent or Require Painting
- Integrated Hinge Design significantly increases unit integrity
- Installer Friendly - use standard hand tools for mounting and cutting
- Incredibly Durable - Tensile Strength 9,000 PSI (method = ASTM D 638)
- Standard Lock Set Included (and Installed) with 2 keys per lock
- Detachable Cover makes for incredibly easy installations
- Housings are approx. 3.0 inches deep - ideal for containment of control boards, etc.
- Made in the U.S.A.
