

Universal Fiber Prep Kit

FiberFox, manufacturer of rugged and durable fusion splicers, now offers the **Universal Fiber Prep Kit** which includes high quality tools to strip, clean, and cleave optical fiber cable protected in a waterproof(IP67) hard case. In stock at our NJ Support Center through your local distributor.

Part Number: UFP-KIT

Mini HS-12

Hand Held Thermal Stripper for single fiber and ribbon cable up to 12 fibers with fast heating time of 4 seconds. AC adapter included.

Mini50GB

Precision cleaver with Auto-Scrap bin. 16 position blade for 48,000 cleaves. Accepts universal holder and fiber holders.

FH-900

Removable Fiber Holder for stripping and cleaving 900um single fiber. May be substituted.

VFL 250/125

VFL with 650nm visible laser diode at 5mw power. Operates in continuous or pulse mode. Fits 2.5 mm connector (SC) with 1.25 mm adapter(LC).

FH-250

Removable Fiber Holder for stripping and cleaving 250um single fiber. May be substituted.

SL60-100

Splice protection sleeves with tapered ends and support bar to protect splice. Pack includes 100 splice sleeves .

Removes dust and oil adhering to the ferrule end face of 2.5 mm SC connectors. Made of superfine fiber for high cleaning effect. Over 750+ engagements per unit.

The Kevlar™ cutter, F1-KS1 (serrated), features serrated blades and high leverage cutting, utilizing long cushioned handles.

Ferrule Cleaner 2.5mm

Miller F1-KS1

Removes dust and oil adhering to the ferrule end face of 1.25 mm LC/MU connectors. Made of superfine fiber for high cleaning effect. Over 750+ engagements per unit.

Three hole model performs all common fiber stripping functions. Strips 2-3mm Jacket, 900um tight buffer and 250um coating.

Ferrule Cleaner 1.25mm

Three Hole Stripper

Waterproof and Dustproof (IP67). Crush and impact resistant with lightweight design. Exterior dimensions 13"x12"x6".

Microcare 3 ounce, optical-grade cleaning fluid can be used with wipes or cleaning sticks for wet/dry cleaning without chemical residue.

Hard Case

Fiber Cleaner

Lint free tissue is ideal for fiber and connector end face cleaning. Use with alcohol. Contains 90 lint free tissues.

Phillips Screwdriver.

Screwdriver (+)

Retractable blade designed to cut most materials. Made with steel for strength and includes three blades.

Utility Knife

Optical Grade Wipes
