

# APC Back-UPS Pro Gaming

Keeping You Protected, Connected and In The Game

## Protected

A gaming battery backup helps protect your valuable gaming system from more than seven different types of power interruptions.

## Connected

After shutting down your game, a gaming UPS will continue to power your router and/or modem, enabling you to stay online with a mobile device.

## In The Game

Power out? Don't worry. Stay in the game to finish your match, fight the boss, and reap the rewards you might have lost.

For PC and console gamers, APC™ by Schneider Electric forges a powerful Back-UPS™ Pro Gaming, the gaming UPS that relentlessly helps protect and powers your gaming station.

## Gaming UPS Features

### Reactor Circle

- When the Gaming UPS is on battery backup power, the reactor circle ticks down so you can see how much time is left at a glance.

### 160 Degrees

- APC made sure the reactor circle is titled at 160 degrees, so it's visible from nearly every angle.

### Functional Lighting

- When the Gaming UPS detects a power anomaly — like surges, dips, and even wiring faults — it notifies you with pulsing lights.

### 12 Customizable RGB LEDs

- It only takes 90 minutes to fully recharge.

### USB Access

- Easy access USB ports to plug in your wireless gaming devices and mobile phone.

Life Is On

# Customizable RGB

Tailored to your gaming rig

A UPS that finally matches your gaming setup with twelve colors to choose from. RGBs also provide a function beyond aesthetics.

During a power outage RGB colors also demonstrate battery power left.

**Green**= 51% or more

**Yellow**= 21% - 50%

**Red**= 20% - 6% or less

**Flashing Red**= 5% or less

# Rear RGB LED

Ease of access in the dark

APC Gaming UPS is fitted with rear LED illuminate the outlets, so you see exactly plugging in your gaming gear.

Rear LEDs color synch with the reactor offer an ambient glow behind your gam

## Staying Connected

### Power Your Router/Modem

- Remember to plug the router/modem into the ups or when the power goes out, you will still lose internet connection.

### Plugged In Devices

- More devices plugged in means the more power your battery needs to supply. Make sure to only plug in the essentials to keep you gaming

## Power Protection

### Automatic Voltage Regulation

- Even the smallest fluctuations of power can shorten your gaming PC and console's lifespan. APC Gaming UPS keeps the power at stable levels with automatic voltage regulation (AVR) for your battle stations.

### Sine Wave Power

- Battery backups aren't created equal. Picking the wrong one could still leave you in the dark. APC Back-UPS Pro Gaming offers sine wave to ensure sensitive gaming gear stays powered when you need it most.

## Technical Specifications for BGM1500-US & BGM1500B-US

### Output

Power Capacity	900W / 1500VA
Nominal Output Voltage	115+/-8%
Output Voltage Frequency (Hz)	60
Output Connections	10
Waveform Type	Sine Wave
Power Factor	0.6

### Input

Nominal Input Voltage	120VAC
Input Connection	Power cord (NEMA 5-15P)+ Circuit breaker(15A)

### Protection

Surge Energy Rating	1080 joules
Coax protection	Yes
Dataline Surge Protection (Gigabit)	Yes
Input Over Current Protection	Circuit breaker 15A

### Physical

Unit Dimensions	H:11.4in * W:4.2in * D:16.0in
Unit Weight	25.5lbs
Shipping Dimensions	6.5in * W:14.9in * D:22.4in
Shipping Weight	31.24lbs
Runtime (half load)	12 mins
Runtime (full load)	3 mins
Colors	Midnight (BGM1500B) & Arctic (BGM1500)

### USB Outlet

USB Voltage Range	4.75V-5.25V; Load=3A
USB Outlets	Type A= 2 Type C= 1
USB Charger	5V/3A total

### Battery Information

Battery Type	Lead-acid
Replacement Battery	APCRCB163

### Management

Alarms	On-battery, low battery warning, low battery shutdown, replace battery detected
Shutdown Software	PCPE Software

### Conformance

Certification and Approvals	FCC Part 15B Class B / cTUVus (Standard: UL1778) / ENERGY STAR / NOM
Warranty and Equipment Protection	3 years and EPP up to \$150,000
