Wireless Subwoofer Kit

PAS-WIR-SUB-KIT-US

SKU: 171314 UPC: 66425031014

Bass is meant to be felt and drive the audio experience to new levels. Where you place a subwoofer has a huge impact on sound quality, but sometimes you can get a cable to the optimal subwoofer location. With the Proficient wireless audio subwoofer kit, you can place the sub in a location that achieves the best possible sound for the room.

Simply connect the transmitter at your A/V source and the receiver to your subwoofer and you're ready for plug-and-play bass. All you need is a power source for the sub and you unlock the freedom to strategically place the subwoofer in its optimal location. Each transmitter supports up to four receivers for use with multiple subwoofers.

Features

- Wireless Connectivity - Transmit audio from the source to the sub with a range of 30ft.
- Multiple receivers each transmitter can support up to 4 receivers. Individual receivers are available separately.
- Interference Free - 5Ghz FHSS Technology for a robust wireless connection.
- Designated Mount - Our Subwoofers have a mounting solution built-in to support the wireless receiver
- USB Powered - Plug the receiver directly into the Subwoofer USB port for power

SPECIFICATIONS

- Modulation 5 GHz Frequency Hopping; QPSK (DSSS) digital radio
- Operating Frequency 5.150-5.250 GHz, 5.725-5.875 GHz
- Transmission Power 9 dBm
- Frequency Response 10 Hz - 900 Hz
- Channel Width <22 MHz
- Latency <20 ms
- Range 30ft / 10m Max Indoor Use Only
- S/N Ratio 84dB
- Max input Signal 1.84V
- Dimensions Transmitter 1.4 in x 3.9 in x 3.5 in (36.8mm x 98.6mm x 88mm)
- Dimensions Receiver 1.4 in x 2.7 in x 3.5 in (34.3mm x 68.4mm x 88mm)
