

### HT333 Series AlphaEntry™/QwikBUS™ Concierge Handsets

**HT333A** (Anthracite) Handset shown with optional **UM3004A** Flush Adapter and Trim Ring and **HT333W** (White) Handset shown with optional **TZ1003WH** Desk Adapter

#### ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The 2-Wire Concierge Handset Station(s) shall be Alpha Communications® / S.T.R.™ **AlphaEntry™/QwikBUS™ HT333** Series **AlphaEntry™/QwikBUS™** handsets or approved equal.

Handset(s) shall be finished in (White, Titanium or Anthracite) color.

Handset(s) shall be used with the corresponding **WINPC** series (or equivalent) **AlphaEntry™** PC Master Station(s).

Handset(s) shall be mounted (surface, flush or desktop) with appropriate adapter(s) as needed. Handset(s) shall feature electret condenser microphone for exceptional voice fidelity. Handsets that include carbon transmitter or other older voice technologies shall not be acceptable. Handset shall have a textured finish and heavy-duty coil cord. Handset shall include a (KEY SYMBOL) push button and auxiliary (ROUND DOT) push button, as well as an LED indicator button. Push buttons shall be clearly visible and shall be marked in a different color. Handset(s) shall include a built-in electronic call tone signal. Handset(s) shall require only two (2) common (loop) wires for system operation.

Contractor shall observe all local and national electrical and building codes.

#### HT333 SERIES ALPHAENTRY™/QWIKBUS™ CONCIERGE HANDSETS

The Alpha Communications® / S.T.R.™ **HT333** Series **AlphaEntry™/QwikBUS™** handsets are designed to work as a Concierge (front desk) handset in conjunction with a n **AlphaEntry™ WINPC** series PC Master Station. All **HT333** handsets require only two (2) common (loop) wires! Choose from White, Titanium (Silver/Grey) or Anthracite (Charcoal) colors.

These attractive handsets easily surface mount right on the wall or over a single gang flush electrical back box (or plaster ring). Handsets can be changed to desk mount with the addition of a model **TZ1003** desk adapter, or can be flush mounted with the addition of a Model **UM3004** flush housing/trim assembly.

All **HT333** series **AlphaEntry™/QwikBUS™** handsets feature textured finish (to minimize scratches and fingerprints), electronic tone signaling, heavy duty replaceable coiled cord and (3) three momentary button switches. These switches can be used for handset programming, or other signaling functions, depending upon system configuration, as well as LED indication.
