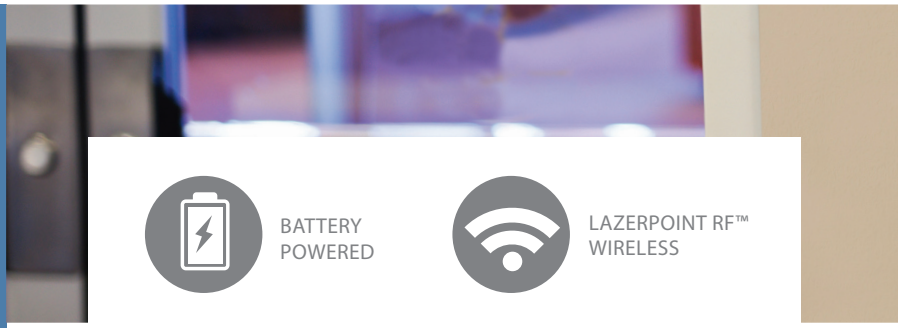
SURE WAVE™ BY CAMDEN

RoHS COMPLIANT

ADA Compliant

CM-336 Series
Battery Powered Touchless Switches



BATTERY POWERED

LAZERPOINT RF™ WIRELESS

The SureWave™ family of touchless switches by Camden lead the industry in performance, quality and value - with a range of features unmatched by any other on the market.

CM-336 touchless switches offer the longest battery life, up to 100 activations per day for 4 years, with an option for even longer battery life using lithium batteries.

SureWave™ CM-336 wireless switches are compatible with Camden's Lazerpoint RF™ family of 915Mhz. spread spectrum wireless products.

CM-336 APPLICATION

Battery Powered

Ideal for door activation where installing wiring is difficult or expensive, and for instant replacement of non-powered switches in retrofit applications.

These switches offer the longest alkaline battery life of any switch in the market, with the option for lithium batteries.
