

This PC to TV Video Converter allows you to convert the VGA video signal from your computer to a Composite Video or S-Video signal which allows you to connect your PC, Mac or other VGA device to your TV or projector. This is useful when connecting your computer to an older TV or projector for large screen viewing. The converter kit includes a USB power adapter so it can draw power from your computer instead of requiring a dedicated outlet. This small footprint of this device makes it easy to carry when traveling and allows it to fit into tight spaces. The menu options allow for customization of display adjustment settings ensuring optimal presentation of the computer content.

Features & Benefits

Convert a VGA video signal from a computer to a Composite Video or S-Video signal

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120295488	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Adapter		

Dimensions

Product Width US	2.42 in	Product Height US	0.7 in
Product Length US	3.4 in		

Technical Information

Video Resolution	XGA (1024x768)	Bend Radius	50 mm
Data Transfer Rate	10.2 Gbps	Connector 2	VGA Female, S-Video Female, RCA Composite Video Female
Connector 1	8-pin Mini Din Female	Video Output Support	Composite
