

UPG Series Flush Housings (For modular door stations)

UPG1 (shown)

UPG6/2 (shown)

UPG SERIES FLUSH HOUSINGS FOR MODULAR SERIES DOOR STATIONS

The **UPG** flush plastic housings are designed to be used with the Alpha Communications® / S.T.R.™ modular series door entry stations and system annunciators. There are seven (7) configurations available in single and double width varieties. The **UPG** housings are designed to be used in conjunction with the **MT** series Modular Frame(s). For larger configurations, multiple **UPG** housings and **MT** frames may be 'ganged' together.

The **UPG** housings have snap-in stand-offs to allow mounting of the individual modular snap-in component's PC boards, for easy and neat system wiring.

See chart below for reference of sizes/types and configurations available
